

Kenny Jowers

Board Member

Kenny is the owner of Physical Gym in Gualala and the son of an honored veteran. As a non-veteran he is particularly interested in working to recognize our veterans, especially coastal veterans, for their time in service to our nation. He has led the effort to organize and get the Northern California Coastal Veterans Monument built along with others in the coastal Mendocino/Sonoma communities who share this vision. Kenny feels this legacy project to recognize our veterans is one of the most important projects he has ever worked on and is honored to be part of a team of mighty men and women working to get this completed.
